The horoscope is analyzed based on Indian Vedic Astrology and Western Astrology systems to arrive at accurate conclusions. All the technical details are not given in this report in spite of the fact that they are all thoroughly analyzed.

Q1 Getting a new job

The job-related place is in good aspect from Moon, Sun and Jupiter and in bad aspect from Saturn.

Since your job place is in good aspects, you will have good prosperity in your job and career. Most of your earnings will be from your job only.

Since it is in bad aspect from Saturn, there are chances of slow progress. Sometimes, you will feel more responsibility and less pay. You need to put more hard work.

If you are trying for a new job, you are likely to get a new job offer during the following periods:

November 2017.

August 2018.

Q2 Going abroad

The foreign related planets are Mercury and Jupiter which are joined together. Hence there are high chances of going abroad.

We feel that you would have visited foreign countries once or twice by this time.

Now, the progressed planets are active in the foreign place. Hence you may get opportunity to go abroad during the period from May 2018 to November 2018.

Q3 Getting a better job

If you come out of the job that you are presently doing, then you are likely to get a new and better job during the second half of the year 2018, especially from August to November of 2018.

The year 2019 is very good for your job and career. You are going to get a promotion or increment or still better job during the first half of the year 2019.

The period from mid 2018 onwards is best for your job and career.

Q4 How many children

The children related planet is Venus which is in good aspect from Mars and in bad aspect from Moon.

Since Venus is receiving good aspects, you are likely to be blessed with children.

You are likely to get maximum of 1 child.

During the year 2018, there is high possibility of getting progeny.

Q5 Your financial success

The finance related planet is Uranus. This planet is in good aspect from Neptune. There are no bad aspects to Uranus.

Hence you will have good earnings. But there will be fluctuation in your earnings. Uranus never gives stable and continuous income.

The combination of Jupiter and Sun indicates wealth yoga. A yoga is a special combination of planets. Due to this yoga, there will be good wealth and comfortable life. You will become rich and enjoy good life.

The placement of Saturn in the property place indicates that there will be delay or obstacles in acquiring property like house or landed property.

Your profession or job place is also good. But due to Saturn, you will get good progress only after crossing 40 years of age.

Overall, you will have good financial success in your life. It may not be excellent success. But you will lead a comfortable life.

Remedies

To get overall progress and financial success, you should worship Lord Shiva.

-Daily recite Siva astottaram (108 names of lord Siva) for 8 times. Do this during morning times, after taking bath.

-On Saturdays, after recitation is complete, offer a small piece of black jaggery or a spoon of honey to lord Siva. After the offering is over, wait for 10 minutes and consume that jaggery piece or honey.

-Evening, immediately after sunset, lit up a lamp with gingelly oil (til oil) in your house in the direction of North-East.

- On Saturdays mornings, visit lord Siva's temple and pour ½ liter or 1 liter of cow's milk on Siva linga. This is called 'abhishekam'. Then make 27 pradakshinaas (going around) around Siva linga. Then sit in the temple for 10 minutes and then attend your regular duties. This can be done only once per week during Saturdays.

Kindly give us your feedback from time to time. This will help us to render better services to you. Please quote your case number in all transactions.
